

International Journal of Advanced Scientific Research and Management

Contents

1. Biosynthesis of Silver Nanoparticles from Three <i>Opuntia</i> spp	Suryawanshi Pooja and Vidyasagar G.M	1	11
2. The regenerative efficacy of native earthworm, <i>Drawida pellucida pallida</i> and exotic earthworm, <i>Eudrilus eugeniae</i>	Akila Moorthy K, Rini Joseph, Deepthi M P, Kathireswari P and Saminathan K	12	16
3. Media Optimization for Lipase Production from <i>Pseudomonas otitidis</i> G5	Ekramul Haque, Janarthanan Velmurugane and Jamuna Nagarajan	17	22
4. Human Resource Information Disclosure in Financial Reports: A Study of Tata Consultancy Services Limited [DOI:10.36282/IJASRM/4.7.2019.1589]	Mukesh Kumar Meena	23	31
5. Impact of Artificial Intelligence on Trading in Financial Markets	Mohini Yadav	32	36
6. A review on photodegradation of various dyes using photocatalysts [DOI:10.36282/IJASRM/4.7.2019.1584]	Lydia. C and Allen Gnana Raj. G	37	42
7. Dynamic Features of Vietnamese Historical Novel in the Early Twentieth-first Century: Through the Trio of Novels by Nguyen Xuan Khanh	Nguyen Thi Tuyet Minh	43	47
8. Minimized Routing delay and Energy consumption oriented routing in MANETs	R. Veeramani and R. Madhanmohan	48	52
9. Structural Study of Tin Oxide Nanopowder Prepared by Jaggery Mediated Gel Combustion Method	M. Veerabhadrayya and R. Ananda Kumari	53	57
10. Aligned Magnetic Field and Diffusion Thermo Effect on Unsteady MHD Free Convective Flow past an Inclined Surface	P. Ramaiah and K. Rama Krishna Prasad	58	63
11. An Experimental Study on Bond Strength of Concrete with M-Sand	Pradeepa.S and R.L.Sreenivasa	64	67
12. Optimization of environmental parameters for enhancement of naringinase production of <i>Bacillus cereus</i> -K1 a bacterial strain	Bhaba Kumar Pegu and Devid Kardong and Dip Gogoi	68	73
13. Power spectrum of the responses of Turning Specimen Under Random Excitation	M.Z.Hussain, D.K.Raman and A.A.Khan	74	78
14. Feminization of Indian agriculture	Rachana Saxena	79	83
15. Studies of structural, morphological and dielectric properties of Ba _{1-x} Sr _x TiO ₃ powders synthesized via cost-effective co-precipitation method	Rabiya S. Gafari, K. Y. Rajpure and Uzma K. H. Bangi	84	87
